MEMORANDUM FOR: Development and Procurement Section

ATTENTION :

[Redacted]

SUBJECT : Training Additional Lockheed Electricians

1. Lockheed has just informed us that they have no more electricians trained for work in our activity. They anticipate realistically the future need for additional electricians necessary to work with a TDY crew or replace an electrician presently on extended assignment. They recommend that they select two Aircraft technicians presently cleared for the Project to be given a 60-day training at the Test Site at our expense.

2. I have discussed the matter with the Director of Administration and he concurs in the recommendation provided you can make the necessary amendment to the contract to cover the cost involved.
